

Injury Prevention Program - Car Seats

To clarify:

- Safe Kids is not a free car seat program;
- Safe Kids is a volunteer organization with required appointments;
- To qualify, the family needs their own vehicle;
- The appointment takes place at the vehicle with their seat, to learn the safety details within their car;
- This is an educational service, not an installation service.

*****Safety education is provided to parents in appointments/classes*****

For Appointments contact Trauma Prevention Outreach at:

(810) 262-9643 or SafeKids@Hurleymc.com
